

Dimensions	<i>Panel</i>
LENGTH	2700 mm
WIDTH	520 mm
TOTAL THICKNESS	21 mm

Product description

Our Wave panels are available in a single colour and can be used in any interior.

Colours

Our Wave panels are available in one colour:

WAVE - INVISIBLE

Material

The MDF is finished with a solid oak wood veneer to create a natural look. All slats have a width of 20 mm. The slats are mounted on a black felt backing, which is made of 50% recycled materials.

Maintenance

The panels can be easily cleaned with a duster or a well-wrung cloth.

Note: always test on a small area before treating the entire surface.

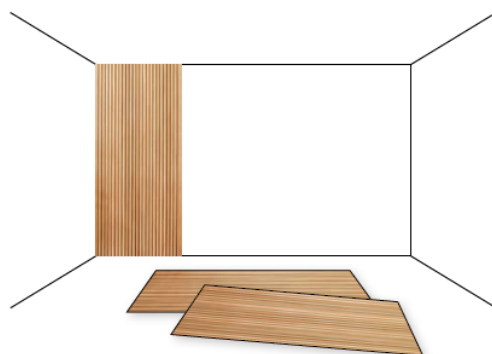

Installation

For more information, please refer to our installation guide.

You can install our Wave panels directly onto the wall, as illustrated in the example below.

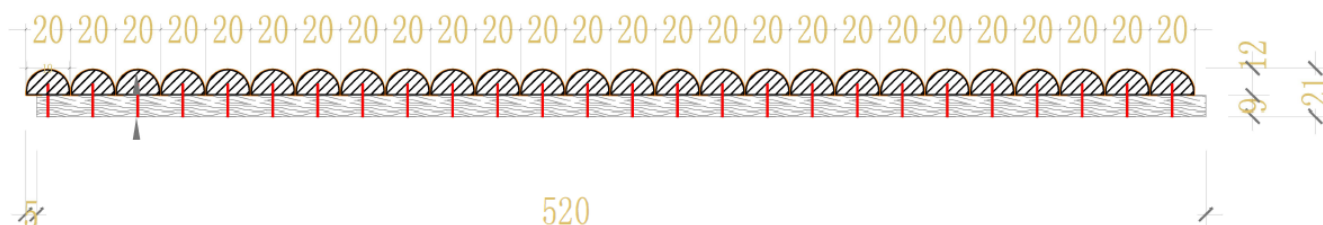

Installation method:

Direct gluing to the wall (the wall must be flat, clean, and dust-free), using an MS polymer-based adhesive.
